

## PROCESS PEER REVIEW

During this project you have worked together as a group. During this collaboration you may have noticed certain good or bad behaviour from yourself, your group members, or your group as a whole.

Below you find a table that intends for you to identify these aspects and use the next meeting with your tutor to discuss this.

There are three things you may want to tell the targets (left column) to do:

- Stop doing behaviour that is non-constructive. E.g. arriving late at meetings.
- Keep doing behaviour that is positive. E.g. Helping group members when they are stuck.
- Start doing behaviour that could be better. E.g. Voice your opinion more.

<b>Name &amp; group:</b> Tyler Agostinho / <PRJ-CB04 6			
	<b>Stop</b>	<b>Keep</b>	<b>Start</b>
Tyler Agostinho	Be available more for discussions about work	Positive work attitude	Taking on bigger responsibility
Group 6	Stop forgetting to send meeting agendas	Keep our standard of work delivered	Better organisation so everything doesn't feel so rushed
Aleks Petrov	Work on professional etiquette for meetings	Hard worker	Trusting his ideas. They are good
Georgi Dimitov	Sometimes forgets we don't know as much as he does.	Good Leader	Delegating work more
Pedzisai Mutiti	Being shy in meetings with client and tutor	Keep being a good balance for showing the other point of view	Work on presenting ideas and being nervous

Below you are expected to assign a grade between 0 and 10 per group member (including yourself) on how well the person contributed to the project, and how proactive this person was.
